1 Comfortable cabin, even for long hunting trips. 2 Sturdy, dual-locking side box to hold two long guns. 3 Game carrier system for transporting game on the loading area - a cleaner option compared to the usual rear baskets. With the help of a winch and a stainless steel tray, the game can be pulled onto the loading area with little effort. The stainless steel tray keeps the bed of the vehicle clean and free from contamination. 4 Lockable aluminium hardtop with interior lighting as well as LED lighting at the rear working area for the preparation of game. 5 WARN winch for the loading area with Dyneema synthetic rope.
